Russell Robson to be Pilot 1931 Baseball Club Here

Vulcan Baseball Club for the Coming Season is Organized and Officers Elected. Much Local Talent Available. Will Stage Tournament on May Twenty-Five.

A meeting to organize the baseball club for the season of 1931 was held in the Memorial hall on Thursday, April 17th with the following officers being elected: Russell Robson was appointed manager by acclamation; Bill Reore, captain of the team and Allan Murray, secretary-treasurer; this being all the officers elected for the coming season.

There is an abundance of local talent with additional new comers locating here for this season including S. B. Welliver, district manager for the Great West Life Assurance Co., who pitched commendable ball for High River team last season; Eddie Love now located with Love's Motors; Dow Ganton and Runions, well known Basano player.

There is also Willard Love and Melvin Fulton noted Red Cross players who played excellent ball for Vulcan in previous years and we hope will come out with the club again this season. With these the old stand bys and some of the fast juniors now coming up, the club hopes to give the fans some good baseball entertainment.

If the permission of the town council for the grounds is granted the ball club plans on putting on a baseball tournament with additional sports on Monday the 25th of May of which full particulars will be advertised later.

The team is endeavoring to join in a league sponsoring four or six clubs and if the negotiations materialize there will be regular battle on the local diamond which will be welcomed by the local fans.

Invitations will also be extended to touring professional clubs which will give the enthusiasts ample opportunity to enjoy the finer points of the game.

Readers of the Advocate will be kept well posted on the season's activities and if you want to forget your troubles for an evening just wend your way to the ball park for all the games and join in making it a summer of good sport for Vulcan.

Mr. J. W. Jacobson of the Wave Shop is this week in Black Diamond on business.

Mrs. Dan Harper and son left for Vulcan on Wednesday to join Mr. Harper who has been located there for some time. Mrs. Harper will be missed by many friends.—The Champion Chronicle.

HOSPITAL NOTES

Miss Cascadden of the hospital staff has gone to her home in High River for a short vacation.

Miss Watt is back to work after her vacation.

Arnold Jones went home this week feeling much better after his recent illness.

Neita Jackson is greatly improved, and left the hospital on Monday last. Baby Richard Smith of Champion, who has been very sick for some time was discharged this week.

Mrs. B. Graham is improving rapidly after a very serious operation.

Mrs. Pratt is a medical patient this week in the hospital.

ELECTRIC APPLIANCES DEMONSTRATION HERE

On Wednesday and Thursday of next week, April 29th and 30th, there will be a free demonstration of Electric Cooking and Electric Refrigeration in the Oddfellows Hall, put on through the combined efforts of the Calgary Power Company and the Canadian General Electric Co. On Wednesday there will be one evening session and on Thursday there will be an afternoon as well as an evening session and on Thursday there will be an afternoon as well as an evening session. At each session lectures will be conducted by Miss Frances Thompson, graduate home service economist.

The public is cordially invited to attend this demonstration and free prizes of many useful electrical appliances will be given away at each session. There will also be a display of practically every household electrical appliance manufactured by the Canadian General Electric Company. All appliances on display are handled by and may be purchased from the Calgary Power Company, Merchandise Department, Vulcan.

HOUSE WARMING

The neighbor ladies and friends of Mrs. Parsons gave her a welcome to the community west of town in the form of a house warming, Thursday afternoon. Five tables of cards was played prizes being won by Mrs. Richmond first and Mrs. F. Andrews second. A delicious lunch was served and all report a most pleasant afternoon.

FORMER VULCAN CITIZENS SUFFER FIRE LOSS

In the disastrous fire at Turner Valley on Monday, Duncan Campbell's meat market was one of the nine business places to be destroyed. It is not so long ago that Duncan's shop was destroyed by flames, and his many friends here regret to learn of his second loss.

Joe Korczynski, who was for some time an employee of Mr. E. King here, is operating the drug store at Turner Valley formerly known as Roche's, also suffered slight damage, and is congratulated by local friends on good fortune in his escape from serious loss.

TOWN FATHERS WIN SOFTBALL GAME

Much enthusiasm was displayed by the large attendance at the baseball game between the ladies of Vulcan, and the town fathers. The ladies had a wonderful rally in the 8th inning and reduced the lead that the men had. The score finally being 22-15 in favor of the town fathers.

Mrs. Fletcher and Mrs. L. Leverington were the battery for the ladies and were a good working team, Mrs. Fletcher pitching a very good ball. Miss Flood was the heavy batter for the game. All the women played a good game but were not able to reduce the lead established early in the game by the men. It is understood that the women refuse to take this as defeat and have issued another challenge for a return game which they are going to spring a few dark horses.

F. Fletcher and J. N. Johnston, the men's battery, played the stellar roles for the men, but in accepting the return challenge they hope to have Mayor Butchart on hand, to lend them a helping hand.

The line-up was as follows:

Ladies—Mrs. L. Leverington, c; Mrs. Fletcher, p; Mrs. Bulher, 1st; Mrs. D. Devereaux, 3rd; Miss M. Zang, Mrs. McAllister, Miss F. Newton, fielders.

Town Fathers—F. Fletcher, c; J. N. Johnston, p; J. M. McLagan, 1st; J. Wolfe, 2nd; J. Brown, ss; E. King 3rd; F. Anderson, J. Weale, fielders.

REGULAR MEETING ENSIGN INSTITUTE

The April meeting of the Ensign Women's Institute was held at the home of Mrs. B. Brown on Tuesday 14th. The meeting was opened by singing "The Maple Leaf" and repeating the creed. Roll call was answered with "Favorite Flowers" and a hint on gardening. Ten members were present. The minutes of the March meeting and the financial statement were then read and approved. It was decided to send \$5.00 to the rest room at Vulcan. Mrs. O'Dwyer is to be sent as a delegate to the provincial conference at Edmonton in May. Mrs. G. Wetherup then gave a paper on Child Welfare and a report from the district conference at Lethbridge. It was decided that the next meeting on May 12th be Grandmothers' Day. All of the grandmothers in the district are invited. Mrs. B. Brown, Mrs. Girard and Mrs. Hyde were appointed a committee to make up a program for that day. The meeting was then adjourned and a delicious lunch was served by Mrs. Girard and Mrs. Flebotte. The next meeting is to be at the home of Mrs. Elston.

CHURCH OF CHRIST

Sunday, April 26—10 a.m., bible school; classes for all; 11:30 communion and worship; sermon, "A New Testament Church in Action." 7 p.m., Christian Endeavor. 8 p.m., preaching and song service; sermon "A Specialist for Christ." Prayer meeting and choir practice, Wednesday evening at 8 and 9 p.m.

UNITED CHURCH

11 a.m., "Daily Strength for Daily Needs." Special music by the junior choir, Mrs. A. E. White, leader. Sunday school and young peoples bible class at the close of this service. 7:30 p.m., "Holding On." Special music by the senior choir, Mr. Weale leader. You are invited to attend these services and join with us in the service of praise. Strangers welcome.

Nothing pleases a loafer more than to annoy a busy man.—Chicago Daily News.

GOOD DEEDS W. L.

The regular meeting of the Good Deeds W. L. was held at the home of Mrs. W. Ervine Thursday, April 8th with Mrs. J. Hutton in the chair. Minutes of the meeting were read and adopted. Reports from the Rest Room and the Good Deeds Day at Twin Coulee were given. Also letters of appreciation from the Richmond Hill pupils were read. It was decided that Mrs. D. H. Galbraith act as delegate at the convention in Edmonton in May.

A very interesting report of the convention in Lethbridge was given by Mrs. W. Wylie after which a dainty lunch was served by the ladies.

VULCAN OLD TIMER PASSES TO BEYOND

The death occurred on Saturday, April 18, of Mr. Charles Robson, one of the highly esteemed earlier pioneers of Vulcan.

Just a few weeks ago Mr. and Mrs. Robson celebrated their sixtieth wedding anniversary, the many friends making it a real community event.

Mr. Robson, who was 87 years of age, had been ill but a short time. His death was due to a general breaking up of vitality. Surviving him are his widow, two daughters, Mrs. E. G. McPherson and Mrs. Pepper of Vulcan, and five sons, E. G. and W. G. of Vulcan, George of Red Deer, Charles of Calgary and Fred of

High River. Fourteen grandchildren and two great grand children also survive.

He was born in England in 1844, coming to Canada in 1871. He settled in Brainerd, Ontario, was married there and came to the Vulcan district with his family in 1905.

Since his arrival in the district twenty-six years ago, he and his family have been greatly valued citizens. A happy evidence of the esteem in which he was held generally was the wedding anniversary reception of a few weeks ago, which was given at the home of Mr. and Mrs. Everett McPherson. This was so largely attended by so many sterling friends that it provided a happy ending of a useful life.

Funeral services were conducted on Monday, April 20 at 2:30 at Vulcan United Church with interment at Vulcan cemetery.

All members of the family were present, and friends in very great numbers were in attendance.

Mrs. Archie Sheffield of Calgary, was a visitor in Vulcan the first of this week.

Mr. D. J. Cameron of Vulcan was notified by wire of the death of his brother Ronald, a resident of Spokane, Washington, and left for that point to attend funeral services on Monday of this week.

Miss Marjorie Hill who has made her home in Long Beach, California, during the past few months with her grandparents, Mr. and Mrs. Wm. Hill returned to Vulcan on Thursday last.

Campaign Closes Saturday Prizes Awaiting Winners

Friends Must Rally to Support of Favorite. Your Subscription May Decide the Winner. Four O'clock Saturday Last Chance. Sealed Box in Bank Commerce.

HILL, MRS. E. M.	1,352,175
JACOBSON, MRS. LILY	1,348,125
WALKER, MRS. ROSS	1,344,900
MUEHLE WILLIAM	1,344,600
ROEBUCK, MISS GERTRUDE	1,339,925
CRAIG, MISS HELEN	674,850
McPHERSON, MISS MABEL	659,575

The above figures represent the order of standing of the candidates, but do not show the full voting strength as each candidate has a reserve.

Six weeks of hard work and anxiety culminates in the closing scene at 4 o'clock, Saturday afternoon, April 25th, at which time the Advocate's Big "Weekly Payroll" subscription campaign comes to an official close and the most successful candidates will claim the magnificent awards—headed by a beautiful sedan, valued at \$1012.00.

Are you going to be the one to finish triumphantly with an overwhelming number of credits, or are you going to be content with what you now have and see the efforts of these many weary weeks go to waste and the rewards of the campaign wrested from you by more enterprising opponents? It's up to you now or let your rivals beat you to it.

Beware of Over-Confidence

Over-confidence has lost many battles. Relaxation at this stage of the game is suicidal to success. Determination to win, coupled with relentless activity in credit getting, will make a winner. There is no time to hesitate—what is to be done must be done NOW. Get in that final punch—Come out the big winner in this campaign: "Where did you finish?" your friends will soon be asking.

The end is but a few hours away. 4 o'clock Saturday, yet if you can trust your own judgment as to your competitors strength, based on facts and observations, and lay your plans accordingly, there is, yet time to stem the tide of defeat, and turn it into sweeping victory.

How About That Promise?

Have you turned your back on a friend? Readers, have you made a promise to one of these faithful workers, which you have not redeemed? Listen! Suppose the lack of that subscription your friend is depending on, should lose her or him the prize of their choice? Would you ever forgive yourself for your carelessness? Get busy and hurry that subscription to the one of your choice without further delay. The time is now too short to delay any longer. Saturday is the LAST DAY.

The Final Count

Details of the final count are printed elsewhere in this week's issue. A sealed ballot box has been placed in the Canadian Bank of Commerce, where it will remain till the closing hour, Saturday.

Candidates deposit their reports in the sealed ballot box themselves and as to the number and amount of these subscriptions, the management of the campaign is as much in the dark as the most casual observer. Previous experience has proven that the campaign managers get just as many surprises from the ballot box as the public. All of which makes the close exceedingly interesting and exciting. All the more as this race is exceptionally close, and proves the absolute fairness with which the whole enterprise is conducted.

Four prominent and well business

men will make the final count and announce the winners and the credit totals, and the winners will be awarded the prizes as soon thereafter as possible.

The personnel of the Advisory Board is L. A. Wright of the Bank of Commerce; H. S. Sutherland of the Bank of Montreal; L. H. Stack, K. C. and J. Dobbs, jr. of the Imperial Hotel, and their decision is final and beyond dispute.

"It is where you finish that counts"

LOCAL ITEMS

Mr. Wm. Peterson and Mr. L. H. Stack of Vulcan were business visitors in Armada on Saturday last.

Mr. A. G. Dickinson was warmly welcomed by his many friends, Wednesday, on his return from Edmonton.

The High School baseball team has been practicing for the coming season. It is hoped we'll see some real games in the near future.

Miss Nurse McLeod, superintendent of Vulcan Municipal Hospital, and Mrs. Dr. Burke motored to High River on Saturday last to visit friends at that point.

Miss Alberta Peterson of Milo is this week in Vulcan assisting Mrs. L. Jacobson in the Wave Shop, during Mr. Jacobson's absence at Black Diamond.

Dr. W. W. Almond of Vulcan left this week for Banff where he is doing two weeks practice and taking a short vacation from his many duties at this point.

Winners at bowling last week were Mrs. R. Alexander with a score of 179 and Mr. Charles Johnston with a score of 270, both being the average of three games. Suitable prizes were awarded.

The Canadian Oils Limited of Vulcan, with C. H. Hoskyn as local manager, are negotiating for the erection of a building to serve as warehouse and office on the C. P. R. right-of-way.

Mrs. J. T. Willard left last week for Soap Lake, Washington, that famous medical resort, where she intends taking treatment. Mrs. Willard has the good wishes of her numerous friends and it is hoped her health will be greatly improved.

Much progress is being made on the construction of the service station and store at the 12 mile corner on the Sunshine highway north of Vulcan. Clarence Robinson, the owner and operator expects to open the business in a week's time.

The officers elected for the Reid Hill Dramatic Society are as follows: Mrs. Cecil Smith, president; Mrs. Ross Walker, business manager; Boyd McKay, secretary. The net profit realized from their past play amounted to \$121 of which \$96.00 was donated to the hall committee and \$25 kept for purposes of the coming season.

REGINA WHEAT FAIR

When members of the local farm organization began to stress more than a year ago, the necessity of planning for the Regina World's Wheat Fair of 1932, it seemed a long view to take.

However, so far as exhibits are concerned, the Fair of 1932, is now upon us. What is sowed this spring will furnish the samples sent from the district.

This is just another evidence of the long process involved in farm returns and the necessity of reckoning not for today nor for next month, but for a year or two years or ten years ahead.

Farming is a far-sighted business, and no doubt many men of the district have been carrying the thought of the great International grain exhibit of 1932 into their every operation. Special soil preparation and the best choice of clean seed are obvious features to be considered, and it is hoped there will be many entries from this district.

Over many years, the district has produced grain of excellent quality. It has rarely been subjected to acute drought, nor other whole evidences of nature's vengeance. It would be a great satisfaction to prove to that world that this is a productive wheat belt of the best type.

Great interest is being taken in the Regina Fair throughout the West not only by farm organizations but by city men. The Indian Head Board of Trade is furnishing small amounts of grain of high quality to farmers desirous of entering the contest.

It is a great opportunity for every wheat growing area of the prairies to "sell itself" to the nations of the world, especially at this time when Canada's claim for business is based on the superiority of her wheat.

WEEP AS THEY CLIMB

"Now, all together, and a little more spirit please," is the substance of the admonition of the Dry Goods Economist in discussing business conditions. The journal points out that for some weeks past the country has been moving toward higher levels of prosperity, but "we are" climbing with tears in our eyes, apparently as reluctant to believe that times are getting better, as we were reluctant to believe a year ago that times were going to be bad.

Trade charts have generally shown a rise since last November. Some lines of business have felt no definite reaction as yet, and it will take some time before the feeling of new life permeates the entire business structure. But there seems to have been for some time a decided move toward higher levels of national prosperity. The surplus stocks have apparently been moving and the demand for more stock is increasing. Apparently the difficulty now is the psychological condition created by the depression. The public is urged to wipe away the tears and address itself strictly to the business of climbing.

A correspondent seriously asks a newspaper "if there is any truth in the story that Queen Elizabeth was a man," and the editor gravely replies that "no reputable historian confirms such report." Through our favorite medium we put through calls to the Earl of Essex and Mary Queen of Scots, and they both declare unhesitatingly that, although Queen Elizabeth swore like a man she really was a woman.

PUSH CANADA

In view of the fact that farm implements are one of the heavy expenses in all farming operations, and that farmers are greatly concerned in the tariff policies affecting farm machinery, it is interesting to note that the prices on Massey Harris machinery have dropped greatly this year. The Massey Harris Co., is one hundred per cent. Canadian in every regard. It has benefitted by the recent tariff enactments and benefits are passed on to consumers, so that tractors this year are cut \$125.00; combines and swathers from \$150 to \$200; all discs cut \$10.00; plows, harrows, cultivators, etc. from 10 to 25 per cent. cut.

This is a demonstration of the spirit in which the tariff changes were made, to furnish some protective security to Canadian factories, in order that better prices might be passed on to the ultimate customers. Every year for the past few years, Canada has been importing 800 million dollars worth of merchandise, a large part of which is for farm implements and which she might well have been producing in her own land. Some things such as raw cotton and raw rubber, she must import, but a great proportion of the 800 million might have been distributed amongst factories in her own country. This would have given employment to almost 150 thousand more workers in Canada.

The unnecessary purchase of goods in other countries, only relieves the employment situation elsewhere, and increases unemployment in Canada.

When Canadian factories make a conscientious honest effort to reduce the prices of their products, in order to meet the buying power of the public, they show that the tariff increases are working out for the benefit of the ultimate consumer, and are furnishing the manufacturer with a more stable market.

Every purchaser should acquaint himself with the relative prices of Canadian made and foreign made products, in every department of his purchasing, and should give deserved patronage to every Canadian firm.

NOTES AND COMMENTS

It looks a little like propaganda in the United States, that story that, while food in Russia is rationed, yet spirits and cosmetics can be had in government stores without tickets.

Politicians are again accusing each other of raising racial and religious prejudices. We knew a man once who could raise prejudices of that sort merely by deploring them.

Saw a picture the other day of Ford, Edison and Firestone, and all of them wore trousers that were baggy at the knees. They can afford to have them creased. They can also afford not to.

Viscount Grey of Falloden, says that "the truest thing that can be said of the war is that armaments made it inevitable." Sure, when a man buys a threshing machine it is a fair inference that he intends to use it.

One of our chief economic difficulties is that the rewards of labor are sadly out of line. A newspaper dispatch tells of an American clergyman who gave up his charge and went to work on the city dump because his church did not pay him enough to maintain his family, and the city did.

CANADA ON PARADE

Canadians everywhere are striking forward on the rising tide of fresh and vigorous prosperity. One heartening method by which all Canada is being linked up in this invigorating revival is in the establishment of a Friday Radio Hour, by General Motors Ltd., of Canada. This is an inspiring concert program, typifying the spirit of Canada's progress and is distinguished by a catchy signature song "Canada on Parade." Tune in on the General Motors hour on Fridays from 9 to 10 p.m., C.K.L.C., Calgary, and enjoy a progressive Canada program.

LARGE WHEAT CARRY OVER

The Federal officials now meeting in Ottawa have estimated that the carry over of wheat this year is the largest in history.

The January estimate of the 1930 crop was 397,872,000 bushels. The estimated carry over at July 31, 1931, will be about 115,000,000 bushels.

The total exports of wheat and flour for the seven months ending Feb. 28 1931 was 168,288,434 bushels with an export of 14,750,000 in March 1931.

Total stocks of wheat have fallen 224,000,000 from the harvest of 1930 to March 31, 1931. Exports account for 183 million and home consumption 41 million.

UNBROKEN SPIRITS

All who have read the interview with the Montreal Press accorded by Senator Riley last week, will take pleasure in his characteristically terse comments on Western conditions.

These comments have received press prominence from coast to coast, and will do much to place the Western situation accurately before other provinces, without presenting any exaggerated picture.

Of late the people of the West, have been troubled with a suspicion that they are affording an outlet for rhetorical efforts, without getting much action. So many Lochinvars have gone out of the West painting racking pictures of poverty and despair that amongst them they have succeeded in creating a false impression. Hopelessness and despair are qualities which do not belong in the West. They are out of character, and present a picture which not only is not accurate but which may undermine the confidence in us of the older provinces.

So far at least, as Southern Alberta is concerned, we find it impossible to recognize ourselves in many of the more extreme word pictures.

Undoubtedly the West is feeling grievously the drop in wheat prices. Some area may in truth be experiencing desolation and poverty, but these are suffering not so much from this year as from a succession of hard years. Even in these areas, it is doubtful if the Western spirit has succumbed. And so far as this part of Alberta is concerned, there has been very little evidence of privation, and very little even of restriction. Senator Riley intimates that those who have been most seriously affected by prices, have in many instances only themselves to blame—and are cheerfully shouldering the burden. He says: "There is not the spirit of pessimism which some would impute. The optimism and grim determination which distinguished the pioneer, is still alive."

From current reports, it would seem that our Eastern provinces are taking us more seriously than we are taking ourselves. They picture us broken in spirit stricken and devoid of hope, gnawing on our crusts of bread. As a matter of fact, throughout this district and many similar districts, this winter has hit the high record for social intercourse and general merry-making. We may have been "dancing with tears in our eyes," but we have been dancing as never before, while the old folks down East have mourned over our plight.

Senator Riley has done the West a service in presenting a sensible, accurate picture of the general situation and the self-respecting way in which it is being met.

A NEWSPAPER LIKE A WOMAN

Reasons—Galore and What a Similarity

In answer to the question: "Why is a Newspaper Like a Woman?" the following answers were submitted:

"Because they are thinner now than they used to be."

"Because they have bold-faced types."

"Because they are easy to read."

"Because they are well worth looking over."

"Because back numbers are not much in demand."

"Because they are not afraid to speak their minds."

"Because they have a great deal of influence."

"Because if they know anything they usually tell it."

The correct answer is thus: "Because every man should have one of his own and not run after his neighbor's."—Wainwright Star.

An oil operator returning from the States this week reports that conditions in oil circles across the line is rather serious. The Texas oil strike has caused over-production and oil companies are inclined to postpone drilling operations until a more favorable season. As a result there is much unemployment among drillers. An effort will be made to pass legislation for the imposition of a tariff prohibiting the importation of oil from foreign countries to the U.S. The Texas oil field is one of the most productive on the continent.

SPORT ON STATUTES

A bill in the interests of sport and recreation was introduced in the last moments of the Legislative session, but received little publicity. The Premier introduced it and its purpose is "to assist, promote and encourage amateur sport and recreation in schools, community centres and through associations of amateur sportsmen."

Premier Brownlee made it clear that the only purpose in introducing the bill this season was to give a basis of organization for the consideration of the next session.

This appears to be a very forward looking piece of legislation if realized.

No details of plans have been given, but doubtless Premier Brownlee has something definite in mind.

Ardent believers in sport as a cure-all for every ailment, mental, moral and physical, will hail such a piece of legislation with enthusiasm.

Even those who are moderately committed to the healing value of sport, will see in this paternal encouragement, elements of real value.

Sport is a normal outlet for youthful and adolescent years. It has a distinct bearing on character and habit development. It places a certain desirable emphasis on physical fitness and good health. It has a distinct bearing on character and habit development. It has a social value, bringing people together in friendly, competitive action, demanding honesty of performance, fair dealing and self control.

In thus acknowledging the importance of amateur sport in the life of the people of the Province, the Government has no doubt considered its value in relation to numerous social problems.

The lack of any sport activity or encouragement has been found to play a large part in the tendency to juvenile crime. It is rarely that young people, athletically inclined and with opportunities for healthful exercise, are found in juvenile courts.

It is better to promote recreation grounds over the province, than build more jails. It is known that an overwhelming amount of taxes goes to hospitals for the mentally and physically unfit and to the punishment of crime. So much so, that the merest fraction is left for the special development of physical and mental health.

Surely it is a wise move to start at the beginning of life, and to put in practice, the established truth that every child is entitled to health and a chance to play.

Again the lack of sport facilities has been the source of discontent in many country districts, where young people are quite as fond of games as their town cousins. Any encouragement which might be given to amateur sport in community centres through the country would be of real benefit. We have had local evidence during the past year of the keenness of the farm boys for organized sport. In a nearby community hall, badminton was played from morning till night, all this winter, all the players being from the surrounding rural districts.

STYLES FOR MEN
ARE CHANGING

Trousers Baggy: Cuffs Show Fringe
Effect: Wallets Much Flatter Than
Formerly

The Calgary Herald fashion editor has been making a survey of spring styles for men, and gives a few hints as to what the average man will be likely to wear this spring:

"Trousers, they observed, will be worn with graceful bag at the knee, with or without cuffs. The coat styles will be very similar to last year's except for a greater amount of fringe at the cuffs and some will favor a slight shine at the elbow.

"The saw-edge collar will also be popular with many. This is a collar particularly popular when detachable. Christmas ties have almost gone out. Vests will have several more pronounced wrinkles, and may be discarded entirely as warm weather approaches.

"Leather goods have a particular appeal at the present time. The wallet or pocketbook will be somewhat similar to that of last year but flatter and more inclined to remain in the pocket. Spats will not be 'au fait' during the summer months except by a favored few. These, when worn, will be very much so. It is considered the thing to have one or two spat buttons missing.

Suspenders for the distrustful, will have less pronounced coloring and less snap."

The braves of the Tammany wig-wam have the Indian sign on any one who threatened to give evidence against the tiger.

PARLIAMENTARY
LANGUAGE

Antagonists in Legislature May Call
Each Other Names, in Anything
But Plain English

An Ontario exchange tells the story of how a member of the Ontario Legislature once got even, with an opponent without being called to order for his language.

H. B. Hill of Ottawa West had conceived a well grounded dislike of a Cabinet Minister in the Government.

The certain Cabinet Minister had for several days proved more than usually obnoxious to the member from Ottawa. So he had a bright thought. He delved deeply into a dictionary, and when he came up for air he had his revenge all planned out.

The next day in the House he waited his opportunity, and when the detested minister made some comment on a certain bill, Mr. Hill leaped eyes gleaming, to his feet.

"The honorable minister, Mr. Speaker, is a transilient anacoluthic, suffering from spiritual palingensis," he snapped. He sat down. The minister scratched his head. It was too deep for him. Hon. Nelson Parliament, who was the speaker, looked puzzled. This was also much Greek. So Mr. Hill "got away with it."

Experts in various Government departments called for books by the shelf-full. They were finally able to tell the minister that he had been called the equivalent of a piking pussyfoot, without the backbone of a jellyfish. But it was then too late to do anything about it.—Lethbridge Herald.

REAL TEMPERANCE
AS IN ENGLAND

Famous Physician Deplores Excess
But Lauds Discriminating Moderation

Lord Dawson of Penn., writing in the Atlantic Monthly on the striking development of temperance in England, quotes figures to bolster his contention.

"During the period 1924-29, the drop in consumption of spirits was 58 per cent. and of beer 28 per cent., while the importation of wines increased 34 per cent. This despite the increasing population.

Recently statistics were gathered from three large, fully licensed refreshment houses where people gathered to converse, or for refreshment. These houses serve an average of 40,000 typical persons per day. The average showed that 82 per cent. of the persons took no alcohol and of the 18 per cent., who did the great majority drank beer or light wine.

This does not mean that the 82 per cent. were total abstainers, but that they retained the power of choice, and did not choose to avail themselves of the opportunity offered.

They refused to make the good things of life common place by too frequent repetition.

Now, many men are better, or equally well without alcohol just as there are men better without sweets, or meat or cigarettes.

Alcohol is not a necessity of existence, but should be an attribute of the art of living which can add in a unique way to well being and content. I submit that it is unsound reasoning to say that because alcohol is used in excess by some, it should be abandoned by all. Because some love to well rather than wisely, should we cease our worship of Venus? Because speech sometimes maddens us are we to ordain silence?

The alcohol taken into the body is burned up and at a certain rate. Until it is burned, it resides in the blood. If the blood constantly contains alcohol, the tissues and health deteriorate. What emerges? That the drinking of alcohol, which in its way is a food, must not be frequently repeated that it must not be taken strong, and that it must be free of deleterious impurities so rife in prohibition countries.

Little and good, is the watchword, and the reason for emphasis on the good is that wines especially owe their virtue not only to their alcoholic content, but to these subtle compound ethers, which exert so notable an influence.

Seek then, that discernment of quality which requires moderation in quantity and the choice of occasion.

Our ancestors up to the sixteenth century understood this admirably. All classes drank home brewed ale, and the light wines of France and enjoyed their fun in Merrie England.

But in the early eighteenth century began trouble. The light wines disappeared, brandy importations increased and to raise revenue the government allowed in England distilleries for coarser spirits. A disastrous change spread over the country. Drunkenness took possession of all classes and for over one hundred and fifty years there was no advance to ward temperance.

It took a long while to undo the tragic error. It has been in large measure undone now, and we are on the way to appreciate the pleasures of wine and beer good in quality, small in quantity. Governments should lead often but seldom coarce."

WESTERN FEED
ONTARIO STOCK

If Freight Rates Can Be Arranged,
Domestic Market May Be Arranged.

The action taken by Hon. T. L. Kennedy, Minister of Agriculture, to have Ontario live stock fed upon feed grain from Western Canada should prove of great value to both sections of the country. At present Ontario farmers import for feeding purposes a large quantity of corn from the United States, the amount in 1930 being over 6,000,000 bushels. If Western feed grain can be substituted for this imported corn the economic advantages are obvious. Feeders, however claim that the grains from Western Canada contain a large proportion of weed-seeds and wild oats which would pollute their farms. In order to overcome this objection, the minister has appointed Mr. Howard Fraleigh, M.P. for East Lambton, to investigate the possibility of having Western feed grains ground before being shipped East.

An English traveller in Aberdeen ordered half a chicken for lunch. After twenty minutes wait, he enquired "When is my half chicken coming?" "When someone else orders the other half," replied the Scot, "ye dinna expect us to go out and kill half a chicken, do ye?"

Rotary of Calgary has done a notable service to youth and health, by voting \$13,000 to further recreation facilities in the city.

Some authors will tackle anything. One writer of detective stories who has created and solved hundreds of mysteries, undertakes to write "The Truth About Women." The conceit of him!

A M A MAKES
DRIVING SAFE

Safety Campaign to be Waged from
April 27 to May 2

During the week from April 27 to May 2 the Alberta Motor Association is establishing a free testing station in Calgary and motorists are invited to have a thorough examination of their equipment such as brakes, head lights, horns, mirrors, windshields, wheels and steering wheels. It is a sort of free clinic for motor cars.

The object is to satisfy the conscientious driver that his car is in satisfactory shape, that there may be faults easily overlooked in his motor equipment. Many of the accidents which occur are the result of some small fault in the mechanism—a fault which is apt to be disregarded, and which may result in heavy cost and disaster.

In the city of Toronto free testing stations are operated by the police and any driver who makes periodic use of these stations and has a clear bill as to condition of his car, is much more quickly exonerated in case of accident.

If a car is stopped by the police and found to have faulty brakes, a fine is imposed.

The Alberta Motor Association is conferring a favor on both motorists and pedestrians, by instituting this safety campaign.

COUNTRY SCHOOLS

(By Country Contributor)

Are we in those strenuous times, neglecting the most vital point in the making of our future men and women? We take time and trouble to discuss all the economical problems of today. While it would seem that that which will mean more to our future men and women, is being sadly neglected, namely, education.

Our children are encouraged to save their pennies and dimes to be sent to foreign lands to help educate children who have no schools. Which is the proper thing, giving them the idea of unselfishness. While we, in our blindness or selfishness, neglect our own children's education.

The rural parents do not expect the conveniences of the city school for our children, but have today, in our district, children riding four and a half and some as far as five miles over hazardous roads to school. Even if they do escape accidents on the roads travelled so much today by trucks and cars they are almost too nervous and often too numb with cold to do their lessons justice.

Some farmers, after trying without success for years, to cope with the situation, have left their farms and moved to town to educate their children. But it must be remembered that there are many who are unable, financially, to do this. And again the government is trying to encourage farmers to remain on the farms.

It might be well to mention that the school district under discussion is not in any financial difficulties, but is one of the wealthiest districts in Alberta, our oil field districts.

Would it not seem that the government in all fairness to the rising population, take steps to furnish schools where there are sufficient pupils. How can a six-year-old child ride five miles night and morning, in even zero weather, eat a cold lunch at noon, and then even try to learn? About the first thing they learn is: "that school life is a hard one."

POTENT POWER
OF SCOTTISH-BREW

Fine Points of Horse Sales as Conducted in Bonnie Scotland

A story is passed on by the Okotoks Review, which explains why so many Canadian buyers, of Clydesdale horses, come back from Scotland, that home of magnificent Clydes, with so many small horses. Mr. Ward, Supt. Animal Husbandry, C.P.R., threw much needed light on this subject. It seems that one of the big Clyde breeders in Scotland is so lavish in his hospitality that everything on his place looks much larger than it is. After a few libations a duck looks like a swan, and a very small Clyde like an elephant. At the high moment, the deal is made and it is only when the buyer has taken his purchase well out of the territory, that the tremendous animal begins to shrink to normal proportions, and looks none too good after all.

CANADIAN FRUIT
HAS GOOD YEAR

The year 1930 was satisfactory to the Canadian fruit trade, and exports were higher in value than in 1929.

The yield of apples was smaller but the price was higher, and more than half the value of fruit production in the Dominion in 1930 was found in apples. The average price per barrel in 1930 was \$3.45 as compared with \$2.70 in 1929. B.C. led the provinces in this fruit with Nova Scotia second. Pears showed an increase both in amount and value, and there were also increases in production in peaches, cherries and grapes.

The chief export market for Canadian fruit is the United Kingdom which last year took over 75 per cent. of the total Canadian export.

CAMPAIGN
CLOSES

Saturday Night
AT 4:00 O'CLOCK

ONLY A FEW MORE HOURS
WIN OR LOSE!!

DETAILS OF THE
FINAL COUNTS

In order to maintain the strictest secrecy as to the number of subscriptions turned in by the various candidates during this, the last week of the Advocate campaign, the race will be brought to a close in a sealed ballot box.

This sealed box is in Canadian Bank of Commerce where it will remain until the closing hour, Saturday, April 25th at 4 o'clock

IMPORTANT NOTICE

All subscriptions must be accompanied by money order, cash or postal note.

Members of Advisory Board

The following gentlemen have been asked to act as judges to canvass the findings in the box and award the prizes:—

H. S. Sutherland, Bank of Montreal
L. A. Wright, Bank of Commerce
L. H. Stack, K.C.
J. Dobbs, Jr., Imperial Hotel.

All these gentlemen are well known to everyone and the final results as given out by them will be beyond dispute.

It's Where You Finish That Counts !!

Two Extra Features in the NEW HI-SPEED Firestone GUM-DIPPED TIRES

FIRESTONE, pioneers of balloon tires, announces a new tire which surpasses in strength, in safety and in wear-resisting qualities, any tire that has ever been built. This new tire, at no extra cost, incorporates two new added features—

Balanced Construction—which eliminates "tramp" or "shimmies" and is the only way of holding tires on the road at high speeds.

The Double-cord Breaker—which increases adhesion between the tire body and tread by 69%. It insures that absolutely no road shocks can reach the body of the tire and cause a blowout, and, no matter what the speed or the usage, the tread simply cannot be torn off—The tire is safe at any speed!

Firestone Gum-Dipped Tires have won and held all official records for mileage and endurance. You cannot afford to do without the extra strength and safety that only Firestone can give you. See your nearest Firestone Dealer today—he serves you better and saves you money.

WOMEN'S INSTITUTE AT VULCAN COMMENDED

Mrs. J. J. Price, publicity convener Alberta Women's Institutes, referring in the Lethbridge Herald, to the Vulcan branch, says:

As in many communities, the Women's Institute rest room at Vulcan serves as a resting place for local women's groups. To those from rural communities, it proves of inestimable value, while the townswomen frequently plan their gathering in its assembly room.

At the beginning, 14 institutes and three locals of the U.F.W.A. contributed what they could toward the proposed rest room, while the municipalities of Royal, Marquis and Vulcan gave liberally toward its erection. A mite box on the door invites those who wish to contribute to the fund for its maintenance. Mrs. Doane who is responsible for its present attractiveness, is always there to welcome visitors and see to their comfort. Cheerful plants bloom in the windows, and gay curtains and cushions add to the brightness of the room. A bureau of exchange is also maintained here, and the institute receives a commission for produce sold.

The history of the Vulcan W.I. is one of many achievements. Before the war it functioned successfully, but during the year from 1914 until 1918 the institute became absorbed in the Red Cross, doing excellent work for its many causes. Twelve years ago, the W.I. was reorganized when Mrs. Gordon MacKay was constituency convener. Mrs. Jack Marshall succeeded by Mrs. James Lindsay as president then. Since 1919, the institute instigated the opening up of a children's playground; urged the teaching of grade XII in the high school; sent a woman member to the school board in the person of Mrs. Roy Gold; packed bales of clothing and supplies for needy families in the district; and contributed to relief program of many organizations. Mrs. A. N. Martin, the president, is constituency convener this year, with Mrs. Marshall of Vulcan, southern district secretary, and Mrs. Aleck of Champion, director of the southern. Helping the hospital will be a major project in the near future, May 12 being set as sewing afternoon for hospital linen. Mrs. G. Monkman reported the Lethbridge conference, and Mrs. A. E. White gave two beautifully rendered solos.

VULCAN—TEN YEARS AGO

One of the most successful dances of the season was held in the L.O.O.F. hall under the auspices of the Rebekah lodge on Friday evening.

A ratemakers meeting was held on Monday evening in primary school to consider many business problems.

The Canadian Bank of Commerce are having a bronze plaque placed in the banking office in commemoration of the 1701 men from the staff who enlisted for active service in the Great War and the names of those enlisting direct from Vulcan branch appear on the plaque.

A meeting of enthusiastic golfers was held in the offices of Flood, Whitcher and Elves and a golf club was decided for Vulcan.

Special music was rendered by the choir at United Church on Sunday also appropriate sermon by the Rev. A. E. Hayes.

That there will be a government demonstration farm established at Vulcan is now a certainty, Mr. H. J. Cook was interviewed and his services were secured to supervise this work.

The Canadian Forestry Association Tree Planting Car, equipped for motion pictures arrived in Vulcan on April 26.

MOSSLEIGH NEWS

The Bow Valley baseball league consisting of clubs from Mossleigh, Bassano, Arrowwood and Queens-town is now organized and ready for 1931 activities. The endeavor is to have a strictly amateur league without imported players. Walter Sloan of Queens-town has been active in organization of the league and the present outlook is very bright for a series of good ball games this summer.

T. A. Baranger is manager of the Mossleigh team and with the aid of Mossleigh fans the ball diamond is being prepared and improved for the opening game which will take place on May 15th.

The large vote cast in favor of the beer license for the Mossleigh hotel speaks volumes for the personality of Mr. Nichols, proprietor. His aim will be to give the very best of hotel accommodation to the travelling public. The hotel is being renovated to be in readiness when permission is granted to open the beer parlor.

Farmers are busily engaged in seedling operations. More moisture would be very welcome. But rains will no doubt come in due course.

Mossleigh possesses a very up-to-date hardware store fully stocked with the best of hardware, paints, etc. There are two garages, grocery stores, cafes, a branch of the Bank of Nova Scotia, four grain elevators, hotel, blacksmith shop. Mossleigh is a good shopping point.

THE BAND needs more clarinet players. I have a good clarinet for you at a sacrifice. Phone 229 or 127. A. Murray, tlc

KIRKCALDY NOTES

Mr. T. Roebuck was a business visitor in Lethbridge last week.

Mrs. Mary Bittorf of Vulcan is the guest at the home of her daughter, Mrs. Wm. Peters.

Mr. James Graham of Calgary is down spending a few days making improvements on his farm.

Mrs. H. H. Selland was taken to Calgary hospital last Monday where she underwent an operation. Her many friends will be pleased to know she is improving nicely.

Mr. Gooding of this locality has consented to give us his prophecies on the weather. He has studied weather conditions for a number of years and is quite well versed in the matter. His reports will appear in our news column about every two weeks so be on the look out for it. At present he predicts "dry" and "cold" weather.

Mr. Lorne Maisey spent the week end at the home of his parents Mr. and Mrs. A. J. Maisey.

The Kirkcaldy Sunday school which is held at 11 a.m. every Sunday has increased its attendance amazingly lately. It is to be remembered when this same Sunday school had in attendance 75 boys and girls. Everyone is invited to come, and help make the Sunday school as interesting and successful as it used to be.

(Crowded Out Last Week)

The Western Canada Elevators has been closed. It is doubtful when it will again start operating.

Mrs. Wiener and family of Vulcan have been Easter guests at the home of Mr. and Mrs. Wm. Peters.

Mr. T. Roebuck was a business visitor in Lethbridge on Wednesday.

Mr. E. M. Hollister motored to Turner Valley last week.

Miss Irene Snyder and Mr. Alton Snyder have left for Glenview where they will resume their duties.

Mr. A. Roebuck and Mr. H. Roebuck motored to Turner Valley on Thursday.

Mrs. R. Robbie who has been spending the last seven months in Edmonton has returned to the farm.

Mr. and Mrs. Roebuck and daughter spent the week end at Turner Valley and points north.

Mr. E. M. Hollister motored to Lethbridge on Saturday.

Spring is here once more. Many in the community are working on the land many are already seeding.

Mr. L. Maisey, with his friend, Mr. B. Bartlett have returned to Calgary Tech.

Mrs. Hagerman has returned to the farm after spending the winter in Calgary.

The Kirkcaldy W. I. met at the home of Mrs. A. Roebuck on Thursday, April 9. Nine members and three visitors were present. Mrs. Boose presided. The meeting opened by singing "The Little Brown Church in the Valley". The minutes were read and approved. A short business session followed. After it was brought to a close Mrs. A. T. Martin gave us an outline of the Lethbridge conference. She then gave us an interesting talk on Immigration which was very much enjoyed by all. The meeting then adjourned. After lunch members left for home.

The many friends of Mr. Arnold Jones will be glad to hear that he is rapidly improving after his sudden illness.

BERRYWATER NEWS

Mr. Cecil Tims who many will remember as being in this district a few years ago, is again with Mrs. L. A. Douglass.

The farmers are very busy on the land again in most cases the same acreage is being seeded as last year.

Miss L. Christopherson has been at the school during the past week as practice teacher.

Roll call was experienced with flow-ers, which gave opportunity for an interesting discussion of the ideas and experiences of those present with prairie gardens and house plants. One new member was enrolled and at the close of the meeting the hostess served lunch. A goodwill meeting will be held at Mrs. Munsey's on May 13th. Will all members please make an effort to be present. A paper on the League of Nations will be given by Mrs. Oldfield and the roll call answered with the name of a peace worker.

MILO NEWS ITEMS

Milo Badminton club were hosts to the Champion badminton club who motored here Monday evening for a return game.

The Champion team were successful in winning three games out of nine. Most of the games were quite close, and the issue in some was in doubt, until the last few points. A good number of badminton enthusiasts were present for the evenings play, and were treated to a fine exhibition.

Mr. and Mrs. A. E. Ferngren arrived home Saturday morning after spending a very enjoyable winter in California. Their many friends and relatives are glad to have them with them again. They are now visiting at Crossfield with their daughter, Mrs. O'Neil.

Mr. and Mrs. Nelson were week end visitors in Calgary.

The Baptist Ladies' Aid is having their next meeting at the home of Mrs. Halten, April 23rd.

Miss Alberta Peterson is spending the week in Vulcan with Mrs. J. Jacobson.

The U.F.W.A. of Milo local are having a meeting in Johnny Larsens hall, Tuesday afternoon. Mrs. Buckley of Gleichen, the director will be present and give a lecture. Also Mr. Cook will be present and will show a moving picture on health. All school children are requested to be present.

Miss Beula Donnelly is visiting her aunt Mrs. Earl Jones at the present.

Mr. and Mrs. Gilchrist are in Calgary this week where Mr. Gilchrist is undergoing medical examination.

E. E. Cully spent the week end in High River.

Mr. and Mrs. Thompson spent a day in Calgary this week. Also Mr. and Mrs. Watt were in the city this week.

Miss Florence Wainwright is practicing teaching here this week under Miss Neithal.

Born to Mr. and Mrs. U. J. Bertend at the Scottish Nursing Home, Calgary, a baby girl.

ENSIGN NEWS

Mr. and Mrs. Jones of Vulcan were visitors at the home of Mrs. T. Hyde on Thursday.

The annual meeting of the Catholic Women's League was held at the home of Mrs. P. O'Dwyer on Friday.

Church services are held in Ensign every Sunday at 3:30; Rev. Farquhar minister; Sunday school at 2:30.

Mr. and Mrs. W. Mullins and their two children motored to Edmonton on Friday to visit with friends and relatives.

A garden, under the supervision of Dave Smith is being started by the Ensign school in aid of the Junior Red Cross. Mr. J. Massi has kindly donated the use of a piece of land for this purpose.

LOMOND NEWS

Mr. Wait, secretary of the municipality has rented G. Lowe's house.

Mr. and Mrs. E. M. Benson entertained at six tables of whist. The honors were awarded to Mrs. I. Magnuson and Mr. W. Newton and the consolation to Mrs. Munro.

Mr. and Mrs. L. M. Swain of Drumheller, formerly of the Standard Bank, Lomond, were calling on Mr. H. Elves of Calgary, was a business visitor in Lomond.

Mr. A. Zentner bought a 1931 Chev. coupe from Arney Motors, Vulcan.

Mrs. J. Jacobson was in Lomond rustling subscriptions for the big Vulcan Advocate drive for the Chev. sedan.

Mr. and Mrs. A. Zentner of Crossfield are visiting Mr. and Mrs. Frank Newton.

Mrs. Neville and Miss B. Neville have returned to Mountain View after spending the winter months with her daughter, Mrs. M. Finley.

Taber concert party and dance which was held in the community hall in aid of the Anglican church was greatly enjoyed by a large crowd.

Mr. and Mrs. Alex. Fraser and Miss Bessie Fraser of Carmangay, motored to Lomond to meet Miss W. Muir from Milo who is speaking in Plainfield school on the junior U.F.A. work.

PUBLIC NOTICE

By the Board of Trustees of The Vulcan S.D. No. 1902 of the Province Alberta

WHEREAS it is deemed expedient by the Board of Trustees of the Vulcan S.D. No. 1902 of the Province of Alberta, that the sum of \$3500.00 should be borrowed on the security of the said District by the issue of Debentures repayable to the bearer in ten equal consecutive annual instalments with interest at the rate of not more than eight per centum per annum for the following purposes, namely: Paying for capital expenditures on building equipment and grounds during 1930.

THEREFORE notice is hereby given by the Board of the said District that unless a poll of the ratepayers of the said district for and against the said debenture loan is demanded as provided by The School Act, the said Board will apply to the Board of Public Utility Commissioners for authority to borrow the said sum by debentures.

Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.

C. H. HOSKYN

Chairman

Dated Vulcan this 13th day of April 1931. Apl. 16-3-c

Instructions to Ratepayers

A poll may be demanded by any four ratepayers of a rural school district, by any ten ratepayers of a village school district, by any twenty ratepayers of a town, consolidated or rural high school district, but no poll may be demanded when the loan is for the purpose of building a first school house and does not exceed—

(a) in any district other than a consolidated district, \$2,000.
(b) in a consolidated district, \$5,000
Every demand for a poll should be delivered to the Secretary of the district, or in his absence, to the Chairman of the Board of Trustees, within fifteen days from the date of posting of these notices. A certified copy of the demand should be forthwith forwarded to the Board of Public Utility Commissioners of Alberta at Edmonton.
